Developing for Windows 10 means the games should run on Xbox, too, right?

Lloyd Woodall - 2018-04-12 - in MYST 25

Windows 10 and the Xbox console platform incorporate some similar features, and some Xbox games can be played on Windows 10 via Microsoft's cross-platform support.

The Myst 25th Anniversary Collection is simply being updated to run on Windows 10, and Xbox compatibility is not included.
