What IS "Firmament?"

Lloyd Woodall - 2018-03-02 - in FIRMAMENT

FIRMAMENT is a new steampunk adventure, brought to you by the makers of MYST and OBDUCTION.

The game of Firmament is a resplendent, magical, journey — a monumental voyage through four diverse and curious realms, working in concert with an ever-present, clockwork companion, and the support and instruction of a long-dead, ethereal mentor.

Everything is not as it seems.
