Can Cyan or other unknown people see the photos that I crow with Crowbox?

Do my photos go to a server or the cloud? Can Cyan or other unknown people see the photos that I crow with Crowbox?

Lloyd W - 2020-10-13 - in Crowbox for iOS

No! Absolutely not. Your photos are transmitted directly (via a peer to peer connection) to the Crowbox viewers that you connect with. They are never sent to a server.
