How do I access the *Myst Options* panel?

Vicki Almond - 2019-11-06 - in Gameplay Questions

How do I access the *Myst Options* panel?

You can open the *Myst Options* panel by tapping the *Info/Option* button, the small "i", in the lower right of the screen. Once you tap it, the "i" will get a little brighter and after a moment, the *Myst Options* panel will open.
