## I saw Adam and Rand using FaceTime. Is there internet in D'ni?

Lloyd W - 2019-11-06 - in [MYST 25th Anniversary releases](#)

Yes. The DRC (D'ni Restoration Council) established WiFi in various parts of the cavern including K'veer and Ae'gura. The City Proper and Neighborhoods have spotty coverage, and there is no signal at The Great Zero due to intense ionic interference.
