Is there a way to hide the Info/Option button icon?

Vicki Almond - 2019-11-06 - in Gameplay Questions

Is there a way to hide the *Info/Option* button icon?

The *Info/Option* button icon can be turned off in the *Myst Options* panel. Just tap the *Options Icon* button to toggle the icon on or to hide it - access to the *Myst Options* panel will always be available to you.
